

ESSO 44: Industry Programme

Wednesday 15 October 2025

KUBTEC Satellite Symposia: From Excision to Imaging: A Case Based Review of the Advantages of 3D Intraoperative Specimen Imaging

13:10 - 14:00

F3

13:10 - 14:00 Speaker: Ashutosh Kothari - Birling, United Kingdom
50 min

13:10 - 14:00 Speaker: Andreas Karakatsanis - Sweden
50 min

13:10 - 14:00 Speaker: Emanuele Zarba Meli -
50 min

Thursday 16 October 2025

Endomag Coffee Break Workshop: Unlocking New Efficiencies in Breast Cancer Surgery: The Power of Sentimag®

10:20 - 10:45

F4+5

10:20 - 10:21 **Introduction**
1 min

10:21 - 10:27 **efficiencies unlocked with Sentimag, supported by data & recommendations**
6 min
Speaker: Anushka Chaudhry - United Kingdom

10:27 - 10:33 **Discussion**
6 min

10:33 - 10:39 **Magtrace NAC data, further improving efficiency, accuracy and de-escalation**
6 min
Speaker: Eirini Pantiora - Uppsala, Sweden

10:39 - 10:45 **Discussion**
6 min

__**

XEOS Coffee Break Workshop: Seeing the Unseen: Intraoperative Margin Assessment in Breast Conserving Surgery using Specimen PET-CT

10:20 - 10:45

F3

Chair: Oreste Davide Gentilini - Milano, Italy

10:20 - 10:23 **Introduction & welcome**

3 min

Speaker: Oreste Davide Gentilini - Milano, Italy

10:23 - 10:35 **The BrIMA study: a prospective multicenter interventional study evaluating specimen PET-CT imaging for IMA in breast conserving surgery.**

12 min

Speaker: Rosa Di Micco - Milan, Italy

10:35 - 10:40 **The power of molecular imaging in the OR: case examples.**

5 min

Speaker: Valérie Vergucht - Gent, Belgium

10:40 - 10:45 **Q&A and wrap-up**

5 min

Speaker: Oreste Davide Gentilini - Milano, Italy

Sirius Medical Systems Satellite Symposia: Navigate with Confidence; Outcome data to support Simple, Precise and Affordable Surgical Marker Navigation

12:50 - 13:40

F3

Chair: Leena Chagla - St Helens, United Kingdom

Co-chair: Jana de Boniface - Sweden

12:50 - 13:05 **IBRAnet Localisation Study - Wire and Sirius Pintuition – Primary and Secondary Outcomes. Presented by the UK IBRA-net team**

15 min

Speaker: Amtul Carmichael - United Kingdom

13:05 - 13:20 **Marking techniques for breast and axilla surgery: what we learn from the EUBREAST studies (MELODY & AXSANA)**

15 min

Speaker: Maria Luisa Gasparri - Switzerland

13:20 - 13:35 **The State of the Art in Endoscopic Oncologic Breast Surgery**

15 min

Speaker: Antonio Toesca - Italy

__**

Merit Medical Satellite Symposia: Radar-Guided Localisation for Non-Palpable Breast Lesion and Metastatic Melanoma

12:50 - 13:40

F2

12:50 - 13:10 **iBRA-NET Localisation study: Results of 1000+ SCOUT™ Radar placements**
20 min **ibra-net localisation study: results of 1000+ scout™ radar placements**

Speaker: James Harvey - Kettleshulme, United Kingdom

13:10 - 13:30 **The Use of Radar-Guided Localization to Identify Metastatic Melanoma After Neoadjuvant Immunotherapy**
20 min

Speaker: Jonathan Zager - United States of America

13:30 - 13:40 **Discussion**
10 min

__**

BD Coffee Break Workshop: New opportunities in implant-based reconstruction

15:50 - 16:15

F3

15:50 - 16:00 **P4HB a material like no other**
10 min

Speaker: Gerhard Fidler - Austria

16:00 - 16:15 **My experience with P4HB Scaffold**
15 min

Speaker: Wouter Peeters - Belgium
